PROFILE

- Skilled web developer looking forward to contributing to interesting projects.
- Able to create responsive, modern, and user-friendly applications. Handles any part of process with ease.
- **I am Top 5% in LinkedIn skills assessment in Front-End Development, HTML, CSS, Javascript, React.js.**
- **LinkedIn**: https://www.linkedin.com/in/anna-ivashkina
- **GitHub** repo: https://github.com/AnnaIvashkina

PROJECT EXPERIENCE

To-Do List App | June 2021
- Developed web application for creating a to-do list. To-do items added to the list on the web page are stored in a cloud database. An item can be removed from the list by clicking a checkbox.
- Technical stack: HTML, CSS, JS, Node.js, Express.js, NoSQL (MongoDB Atlas)
- Link to the project: https://peaceful-chamber-31262.herokuapp.com

Stock Quote App | May 2022
- Developed web application fetching stock quotes using live API data and presenting summary on the web page.
- Technical stack: HTML, CSS, JS, API, AJAX, Axios, Bootstrap.
- Link to the project: https://annaivashkina.github.io/stock_quote

Note Keeper App (React.js) | August 2021
- Developed web application based on React.js representing a dashboard for keeping multiple notes.
- Technical stack: React.js, JS ES6, Babel, CSS, UseState (React).
- Link to the project: https://codesandbox.io/s/note-keeper-8sh3g?file=/src/index.js

To-Do App (React.js) | August 2021
- Developed web application based on React.js for creating a to-do list. To-do items are interactively added to your list and removed with a click.
- Technical stack: React.js, JS ES6, Babel, CSS.
- Link to the project: https://codesandbox.io/s/to-do-list-49eiy?file=/src/components/App.jsx

WORK EXPERIENCE

Director of Condominium Board

Fifth On The Park Condo | Toronto, Canada | Jan 2021 – Jul 2021
- Contributed to a major project of redesigning building's hot water system to resolve hot water issue (investigations, contractors selection etc.)
- Review and update condo's COVID-19 policies (for ex., amenities usage, real estate showings etc.).
- Track condo's financial performance.
- Select contractors for maintenance and repairs and ensure all required works are carried out

Marketing Specialist / Web developer

ROCKWOOL Russia | Moscow, Russia | May 2018 – May 2019
- Developed and maintained corporate website.
- Implemented several UX and UI improvements to the website making it more user-friendly and nice-looking. As a result, average time on page increased by about 3 minutes.
- Reordered and added new site sections (such as Contact Us section and sliding bar).
- Implemented a news recommendation system with cross-linking.
- Found a major bug with Compare Products feature (characteristics not displayed line-by-line). Created a guideline for marketing colleagues on how to fix Product Cards.
- Suggested to implement API service fetching product reviews for product page. Developed implementation plan.
- Changed layout of Company News pages to make them more attractive.
- Created over 50 web pages (Company News) and filled them with content.
- Recorded a video training for colleagues on how to create such pages.

High School Geography Teacher

Public School #218 | Moscow, Russia | Jan 2017 – Jun 2017
- Teach Geography to high school students.
- Lead extracurricular learning activities.
- Took initiative to improve learning curriculum making it more structured and engaging; added extra material to deepen students' knowledge.
- Teaching approach was highly appreciated by school director as well as parents.

Auditor

KPMG | Moscow, Russia | Sep 2015 – Jan 2017
- Audit companies' financial statements.
- Examine financial business processes and control procedures.
- High performance assessment results on all engagements.
